August 22, 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for West Iron County High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Mike Berutti for assistance.

The AER is available for you to review electronically by visiting the following web site, westiron.org or you may review a copy from our office.

For 2010-2011, WIC High School made Adequate Yearly Progress in language arts and mathematics. We are no longer identified for School Improvement, since we made AYP for two consecutive years. We continue to offer an after school tutoring program and the AT- Risk position to help students who are at need. While we are pleased to have reached this important goal, we are continuously working to improve. We appreciate the continued support of parents, staff and our community in this effort.

West Iron County High School is the only high school in our district. Children in grades 9 through 12 attend the high school. We are in the second year of another cycle of our three year school improvement plan. Our School Improvement team focused on improving students' knowledge of inquiry based learning in the areas of reading, writing, math, science and social studies. The West Iron County Public Schools does not have any specialized schools. If you would like to see a copy of our curriculum, please stop in the office. Our curriculum is matched with the Michigan Grade Level Content Expectations (GLCE's). Students at West Iron County High School take a MEAP test in 9th grade, EXPLORE and PLAN tests in 9th and 10th grade and the Michigan Merit Exam in 11th grade.

Parent- teacher conferences were held on November 11, 2010. Attendance and percentages were as follows for the past two years:

9th Grade

2009- 22 of our 61 families were in attendance for a 36%

2010- 31 of our 92 families were in attendance for a 34%

10th Grade

2009- 19 of our 76 families were in attendance for a 25%

2010- 27 of our 60 families were in attendance for a 45%

11th Grade

2009- 18 of our 59 families were in attendance for a 31%

2010- 21 of our 72 families were in attendance for a 29%

12th Grade

2009- 13 of our 73 families were in attendance for a 18%

2010- 16 of our 60 families were in attendance for a 27%

We had a total a total of two (2) students out sixty (60) seniors in post secondary (dual enrollment) during the year. That equals 3.3%. Also, we did not have any students in college equivalent courses or any students receiving a score that would lead to college credit. We had 0% participation with 0 out of 60 students participating

We, at West Iron County Middle School, are proud of our students and the work that is accomplished to meet federal and state requirements. We thank you for your continued support with your children. We encourage you to continue to instill in your child the importance of a good education.

Sincerely,
Mike Berutti
Principal
