PRINCIPAL'S MESSAGE

Dear Students, Parents, Guardians, and Friends:

Welcome to an exciting year at West Iron County High School. I'm certainly looking forward to working with you during the next nine months.

Please make the most of your school year. High school opportunities only happen "once in a lifetime." It goes without saying that our outstanding faculty and staff are again excited to help make your high school experience one of success and enjoyment. Students ... do your best to rise to their expectations.

To fulfill your responsibilities as students and parents, please read this handbook carefully, and follow the procedures and requirements herein. If our handbook doesn't address an item of interest or concern to you, please don't hesitate to contact my office at your convenience. We will be happy to give you some direction. I should also mention that items not specifically addressed in this handbook will be handled with administrative discretion under the guidelines adopted by our Board of Education. So that we all can all maximize our achievement, I offer the following:

THE BOTTOM LINE -- To keep a safe and orderly environment for us all, behaviors that interfere with teaching and learning will not be tolerated in school. Anything that detracts from a quality educational program will be dealt with firmly, yet fairly. I encourage all of you to offer input, as well, if you feel that our handbook needs to be upgraded in any way ... we value your opinions.

Students -- keep in mind that you deserve a quality education and a safe, comfortable school. Let me know immediately if you are not being accorded this environment, and I will take steps to correct it. Remember ... true educational success can only be obtained when it exists in a comfortable, supportive environment, sought-out by hard working students and encouraged by supportive parents and guardians. Again, please don't hesitate to stop by or call if I can be of further assistance. Best wishes for a successful, educational year!

This handbook is intended for use by students, parents, and staff as a guide to the rules, procedures, and general information about the District. The use of the word "parent" in this handbook means a student's natural or adoptive parent or legal guardian. Students and their parents are responsible for familiarizing themselves with this handbook, and parents should use the handbook as a resource to assist their children with following its rules and procedures.

Students must comply with all school policies, regulations, rules, and expectations. The use of the word "Policy" in this handbook includes bylaws or policies adopted by the Board of Education. Although the information in this handbook is comprehensive, it is not intended to address every situation that may arise during a school day or school year. This handbook does not create a contract between the District and parents, students, or staff. The administration is responsible for interpreting the rules contained in the handbook to ensure the implementation of the school's educational program and well-being of all students. If a situation arises that is not specifically addressed by this handbook, the administration may respond based on applicable law and policy.

The rules and information provided in this handbook may be supplemented or amended by the administration at any time, consistent with applicable law and policy.

Sincerely,

Mike Berutti

EMERGENCY SCHOOL CLOSING PROCEDURES

In the event of an emergency school closure, such as a bad weather day or when school is unexpectedly closed early, the District will notify students, parents, and the general public about the closure through a phone call and text from the administration building. Delays and closures will also be broadcasted on WLUC TV6.

NOTICE OF NON-DISCRIMINATION

The District does not discriminate on the basis of race, color, religion, national origin, ethnicity, sex (including pregnancy, gender identity, or sexual orientation), disability, age, height, weight, marital or family status, veteran status, ancestry, genetic information, military status, or any other legally protected category (collectively, "Protected Classes"), in its programs and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by law.

The District prohibits unlawful discrimination, including unlawful harassment and retaliation. The District will investigate all allegations of unlawful discrimination and will take appropriate action, including discipline, against any person who, following an investigation, is determined to have engaged in unlawful discrimination.

"Unlawful harassment" is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward a person because of the person's membership in a Protected Class that has the purpose or effect of: (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonably interfering with the person's ability to benefit from the District's educational programs or activities.

- **Race, color, and national origin harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as racially motivated physical threats, attacks, or other hateful conduct. Harassment based on ethnicity, ancestry, or perceived ancestral, ethnic, or religious characteristics is considered race, color, and national origin harassment.
- **Disability harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as disability-motivated physical threats, attacks, or other hateful conduct.
- **Sex-based harassment** can take many forms. For the definition of sex-based harassment, including sexual harassment under Title IX, see Policies 3118 and 5202. The District's Title IX Policy is attached to this handbook as Appendix A.

Any student who witnesses an act of unlawful discrimination, including unlawful harassment or retaliation, is encouraged to report it to District personnel. No student will be retaliated against based on any report of suspected discrimination. A student may also anonymously report an incident of unlawful discrimination. The District will investigate anonymous reports pursuant to its investigation procedures described by Policy. Minor students do not need parent permission to file complaints or participate in the formal complaint resolution process described by Policy.

If you or someone you know has been subjected to **sex-based discrimination, harassment, or retaliation**, you may file a report with any District employee. Formal Complaints of sexual harassment must be filed with the Title IX Coordinator:

SECTION I: DISTRICT-WIDE POLICIES AND PROCEDURES

Attendance

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the student or parent must report that absence to Toni Aldegarie (906) 265-3534 or taldegarie@westiron.org.

If a student arrives late, the student must stop in at the office. A student may only leave school early if the student's parent notifies the office or the student is an emancipated minor or an 18-year-old who has completed the Age of Majority.

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent:

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

- the student's physical or mental illness (a physician's verification is required after 4 consecutive days of absence for illness);
- severe weather;
- medical appointments for the student;
- death or serious illness of the student's family member;
- attendance at a funeral, wedding, or graduation;
- appearance at court or for other legal matters;
- observance of religious holidays of the student's own faith;
- college planning visits; and
- personal or family vacations.

Excused absences are those approved by a student's parent or guardian, such as for an illness. To approve an absence, a student's parent/guardian must call the Attendance Secretary between 7:30 a.m. and 3:30 p.m. or bring in a note. In order to excuse the absence, the student's parent or guardian must make the call or send a note within 48 hours of the absence. Anything after 48 hours will require a doctor's note.

Unexcused absences – the following situations constitute absences:

- A. Absences not approved by the student's parent or guardian are unexcused.
- B. If the student leaves the building during the school day without permission from the office, the student will be unexcused.
- C. If the student is in the building, but fails to report to class, the student will be unexcused.

D. If the student misses ten minutes or more of any class without a valid pass it will be counted as an unexcused absence.

E. A “tardy” is any time a student reports to any class less than ten minutes after the second bell without a valid excuse.

Sanctioned /Exempt/Non-Chargeable absences are when the student is not in class because they are participating in a school activity.

Virtual High School Skipping: Students who attend virtual high school will have the responsibility to “log in” as determined by their instructors. “Not logging in” will be considered the same as skipping a class. Remember, virtual high school is a wonderful opportunity ... but with it comes significant responsibility.

NOTE: In-school restrictions and out-of-school suspensions are not regarded as absences.

Excused absences- It is the Student’s responsibility to request make-up work from the teacher and to complete the work in a timely fashion.

Sanctioned/Exempt Absences: There is no penalty for sanctioned absences.

NOTIFICATION OF ABSENCES: After 5 absences or more from any class period, a form letter will be sent to the parents/guardians to inform them of the accumulated absences, with a copy kept in the student’s file.

MAKE-UP WORK: After any excused absence, a student is responsible for making up all work missed within a reasonable time. (Two school days for each absence). If not, the student may be given a “zero” for all work missed. Teachers should have specific procedures clearly delineated in their classroom rules.

BUILDING LEAVE: Because we are responsible for the safety and well-being of students, it is mandatory that students leaving the building for any reason obtain permission from the office, or the absence will be considered a skip, even if the parent/guardian calls after the fact to excuse the absence. We need to know where our students are at all times – parents and the community expect this of the schools.

COLLEGE DAY: Students may take two (2) days during both their junior and senior years to visit colleges they are considering attending, to take a physical examination for the armed forces, or to visit a place of employment for a job interview. Absences that fall into this category will be non-chargeable, provided the student has received previous clearance from the office. In addition, verification from the college, the recruiter, or the employer stating that the student did in fact report for a visit is necessary.

PASS PRIVILEGES – The administration and/or disciplinary-attendance assistant reserves the right to take away pass privileges from students when patterns of behavior or attendance indicate the need for such in order that they may have a successful school year. Students who violate these restrictions will be subject to discipline for insubordination.

TRUANCY: Any absence from class that does not have parent or administrative approval will be considered unexcused or a “skip”, depending on the circumstances. Leaving school without notifying the principal’s office will also be considered a “skip”.

TRUANCY POLICY:

The School will follow the policy: if a student incurs either excused absences or unexcused absences as follows

Excused Absences

- 3 absences in any given class period: The school will send a warning letter A.
- 6 absences in any given class period: The school will send warning letter B via certified mail or hand delivery and will schedule a meeting to sign the truancy intervention plan.
- 10 absences in any given class period: The school will contact law enforcement and provide a truancy referral form with documentation to law enforcement. The school has the discretion to waive the policy in extenuating circumstances.

Unexcused Absences

- 3 absences in any given class period the School will send warning letter A
- 5 absences in any given class period: The school will send warning letter B via certified mail or hand delivery and will schedule a meeting to sign the truancy intervention plan.
- 6 absences in any given class period: The school will contact law enforcement and provide a truancy referral form with documentation to law enforcement. The school has the discretion to waive the policy in extenuating circumstances

Students who are late for class are considered tardy.

A student who violates attendance expectations may be subject to discipline and any other applicable consequences.

Absences due to illness

The school will contact parents if a student becomes ill at school and may ask that the parent pick up the student. A student who has an excused absence due to illness has 2 days for each day of absence to complete missed assignments.

Planned absences

Parents who know in advance that a student will be absent must contact the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence unless alternative arrangements are approved by the teacher in advance. Parents should make every attempt to schedule medical and other appointments outside of school hours.

Students are expected to:

- Complete all class work in advance for any absence that can be anticipated or make alternative arrangements with their teacher in advance of the absence.
- Sign out of school at the office if leaving school during the school day.
- Make up all work that is assigned by teachers for the instructional time that has been missed.

For more information, see Policy 5301.

Books and Supplies

The District will provide free instruction to all students and will not charge a fee for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

Bulletin Boards

Space may be provided within school buildings or on school electronic media for students and student organizations to post notices about student groups. Rules for posting on bulletin boards are found in Policy 5503.

Bullying

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

Cafeteria Rules

All Students are expected to eat in the Commons, clean up after themselves, talk appropriately and follow school rules.

Cell Phone Use

Students may use cell phones or other electronic devices while at school, so long as they do so safely, responsibly, and respectfully, and comply with all other school rules while using the devices.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The District is not responsible for theft, loss, or damage of any cell phone or other electronic device.

Students may not use cell phones or other electronic devices while they are in locker rooms, restrooms, or any other area in which others may have a reasonable expectation of privacy.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these activities at school, at a school event, or on school-provided transportation, may be subject to discipline. A student engaged in any of these activities outside of school may be disciplined if the student's activities substantially disrupt or negatively affect the school environment.

Students may use cell phones before and after school, as well as at lunch time.

Teachers may also develop classroom rules for use of cell phones and other electronic devices.

School administrators and teachers may confiscate a student's cell phone or other electronic device if the student's use or possession of a cell phone or electronic device violates Board Policy, the student code of conduct, or any applicable building or classroom rule. The building principal or designee may require a meeting with the student's parent to discuss the rule violation before returning the cell phone or electronic device.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children's Protective Services Investigations

The District will cooperate with Children's Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

Classroom Behavior

Teachers may establish classroom conduct rules that students must follow.

Closed Campus

The school campus is closed for all students in grades 6-11. We will have an open campus for seniors who are in good standing and continue to follow parking lot and driving rules as stated in this handbook.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

For more information, see Policy 5713.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, hair style, make up, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, Policy 5101, or the Dress Code; or substantially disrupts the educational environment or that school officials

reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

Dress Code

Tops must have straps or sleeves and must cover the student's entire torso from armpit to armpit. Pants, shorts, and skirts must have an inseam at least 4 inches in length. Clothing may not display material that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;
- Incites violence;
- Contains "fighting words";
- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays nipples, genitals, or buttocks.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

Driving and Parking Personal Vehicles

Student driving and parking on District property is a privilege, not a right, that may be revoked at any time. Students who drive to school must obey the following rules:

1. Students may not move their vehicles, sit in, or be around their vehicles during the school day without permission from administration.
2. Students may not drive carelessly or with excessive speed on school grounds.
3. By driving to school and parking on school grounds, students and parents consent to having that vehicle searched when school officials have reasonable suspicion that a search will reveal a violation of school rules, Board Policy, or law.

Emergency Contact Information

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician's name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and noncurricular activities to cover the District's reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and noncurricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity's coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

Food Services

Students at West Iron County Middle and High School will be receiving free breakfast and lunch throughout the school year. Please refer to www.westiron.org for monthly breakfast and lunch menus.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip that is outside of our ISD or school hours.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Head Lice

A student with nits within ¼ inch of the scalp or live lice may remain at school. The student will be restricted from activities that involve close head-to-head contact or sharing of personal items. The District will notify the student's parent and provide educational materials on head lice prevention and treatment.

District personnel will not ostracize or embarrass a student with lice or nits and will maintain student confidentiality.

If a student has a persistent infestation after 6 weeks or 3 separate cases within 1 school year, the District will form a team that may include the student's parents, teacher, social workers, or administrators to determine the best approach to resolve the issue.

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Francie Economy- School Social Worker

feconomy@westiron.org

For detailed information about Homeless Children and Youth, see Policy 5307.

Immunizations

For a student entering the District for the first time or entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with Policy 5713 and state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy 5201. Students may be questioned by school officials at any time, without parent notice or consent, consistent with the District's obligation to maintain a safe and orderly learning environment.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

Locker Use

Pursuant to Policy 5102, lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

Students must keep all personal belongings, including coats and backpacks, in their lockers during the school day.

Lost and Found

All lost and found items are to be taken to Office or the Commons. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Medication

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.

- The building principal or designee will notify the student’s parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see Policy 5703.

Asthma Inhalers and Epinephrine Auto-Injectors/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student’s healthcare provider and consistent with Policy 5703. A minor student must also have written permission from the student’s parent. The required documentation must be submitted to the building principal or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student’s teachers and other staff as appropriate.

Additionally, the school must maintain a written emergency care plan drafted by a physician in collaboration with the student’s parent. The emergency care plan will contain specific instructions related to the student’s needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student’s medical circumstances.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Playground/Recess Rules

Students must follow these rules during recess or while using the playground:

Parents are encouraged and expected to provide their children with clothing conducive to the weather outside for purposes of traveling to and from school, as well as for participation in recess and other curricular/extra-curricular activities.

Students are expected to play fairly, include classmates and follow school expectations.

Students who violate these rules may be disciplined.

Staff will supervise students when the students use the playground or recess area during the school day or as part of a school activity. At all other times and circumstances, the District does not provide supervision of its playgrounds, equipment, or surrounding areas.

Protection of Pupil Rights

The District respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy as required by law. The policy is available on the District’s website or upon request from the District’s administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a

written request to the Superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the Superintendent. A copy of the District's annual notice to parents regarding the Protection of Pupil Rights Amendment is attached as Appendix C.

Public Display of Affection

Students may not engage in public display of affection that are disruptive to the school environment or distracting to others.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy 5309 for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Right to Request Amendment of Education Records

A parent or eligible student may request that a student's education record be amended if the parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights as explained in Policy 5309.

Directory Information

The District designates the following information as directory information:

The District may collect, retain, use, and disclose student education records consistent with state and federal law.

A. Definitions

1. An "education record" is a record directly related to a student that the District or its agents maintain, except that an education record does not include:

- a. records kept in the maker's sole possession that are used as a personal memory aid and that are not accessible or revealed to any person except a temporary substitute for the maker;
- b. records maintained by a law enforcement unit of the District, as defined by the Family Educational Rights and Privacy Act (FERPA), if the record was created for a law enforcement purpose;
- c. records relating to a student who is at least 18 years old that are created or maintained by a psychiatrist, psychologist, or other recognized professional or paraprofessional acting or assisting in that capacity that are created or maintained only for the student's treatment (exclusive of remedial educational activities or educational activities that are part of the District's instructional program) and that are disclosed only to persons providing treatment (except that the records may be personally reviewed by a physician or other appropriate professional of the student's choice);
- d. records created or received by the District after a person is no longer a student in the District and that are not directly related to the person's attendance as a student in the District;
- e. grades on peer-graded papers or assignments before they are collected or recorded by a teacher; or

f. records relating to a person employed by the District that are maintained in the normal course of business, relate only to the person's employment, and are not available for any other purpose. Records relating to a person employed as a result of that person's status as a student are, however, "education records."

2. "Personally identifiable information" means a student's name; the name of a student's parent/guardian or family member; the student's address or the address of a family member; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that alone or in combination is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the District reasonably believes knows the identity of the student to whom the education record relates.

3. "Directory information" is the information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. The Board designates the following as directory information:

- a. student names, addresses, and telephone numbers;
- b. photographs, including photographs and videos depicting a student's participation in school-related activities and classes;
- c. date and place of birth;
- d. major field of study;
- e. grade level;
- f. enrollment status (e.g., full-time or part-time);
- g. dates of attendance (e.g., 2013-2017);
- h. participation in officially recognized activities and sports;
- i. weight and height of athletic team members;
- j. degrees, honors, and awards received; and
- k. the most recent educational agency or institution attended.

The Board further designates District-assigned student email addresses as directory information for the limited purposes of: (1) facilitating the student's participation in and access to online learning platforms and applications; and (2) inclusion in internal school and District email address books.

B. Collection and Retention of Records

School officials may collect and retain information about the District's students that is reasonably necessary for the District to perform its role as a public school district,

including, without limitation, student work samples, assessments, evaluations, surveys, health and medical information, immunization records, birth certificates, proof of residence, proof of achievements and awards, behavior records, investigation reports, incident reports, attendance records, all records necessary for the District to satisfy state or federal legal obligations, and any record necessary for the District to prove that a student was accurately counted in membership for state aid and grant purposes.

The Superintendent or designee will ensure that all student records are retained consistent with the Records Retention and Disposal Schedule for Michigan Public Schools and Policy 3502 and that reasonable steps (including, without limitation, physical or technological controls) are taken to protect education records, including those stored electronically, from inadvertent or unauthorized disclosure.

C. Right to Inspect and Review Education Records

Parents/guardians may inspect and review their minor child's education records, regardless of custody status, unless a court order specifically provides otherwise.

Parents/guardians may also inspect and review the education records of an "eligible student" if the student is considered a dependent under Internal Revenue Code Section 152. An "eligible student" means a student who is at least 18 years old, an emancipated minor, or a student enrolled in a postsecondary institution. Eligible students have the right to inspect and review their own education records.

The District will not disclose a student's or parent's/guardian's phone number or address or the parent's/guardian's employment address to another person who is the subject of a court order that prohibits disclosure of the information if the District has received a copy of the order. The District will not disclose a confidential address, phone number, or email address in violation of the Address Confidentiality Program Act if the student or the student's parent/guardian notifies the District that the student or the student's parent/guardian has obtained a participation card issued by the department of attorney general.

The District will make arrangements for a parent/guardian or eligible student to inspect and review the student's education records within a reasonable time from receiving a request and not more than 30 calendar days from the date of the request or, if the student whose records are requested is a child with a disability as defined by the Individuals with Disabilities Education Act, before any Individualized Education Program Team meeting, resolution meeting, or due process hearing.

D. Right to Request Explanation or Interpretation of Student Education Records

A parent/guardian or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

E. Right to Request Amendment of Education Records

A parent/guardian or eligible student may request that a student's education record be amended if the parent/guardian or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights. The Superintendent

will develop administrative guidelines explaining the process by which a parent/guardian or eligible student may request an amendment to the student's records and that the parent/guardian or eligible student has the right to a hearing if the District refuses the request.

F. Disclosure of Education Records to School Officials

Except as noted in "Disclosure to a For-Profit Business Entity" (section J), a school official may receive and review personally identifiable information from a student's education record only if the school official has a legitimate educational interest in the information. A school official has a "legitimate educational interest" if the record review is necessary for the school official to perform an administrative, supervisory, or instructional task as assigned by the District or to perform a service or benefit for the student or the student's family. For purposes of this Policy, a "school official" is any person employed by the District. The Board further designates the following persons and entities as "school officials":

1. a person or company with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, medical consultant, or online educational service provider or vendor);
2. a contractor, consultant, volunteer, or other party to whom the Board has outsourced a service or function otherwise performed by District employees (e.g., a therapist, a school resource officer, or an authorized information technology specialist);
3. a parent/guardian or student serving on an official committee, such as a disciplinary, reinstatement, or grievance committee; and
4. a person, including a volunteer, who is assisting another school official in performing the official's duties.

The above-identified persons and entities must: (a) perform institutional services or functions for which the District would otherwise use its own employees, (b) be under the direct control of the District as to the use and maintenance of education records, and (c) be subject to the requirements of FERPA regulations governing the use and re-disclosure of personally identifiable information from education records.

The Superintendent or designee will adopt procedures, including physical and technological controls, to ensure that only those school officials with a legitimate educational interest may access personally identifiable information from a student's education records.

G. Disclosure of "Directory Information"

Except as otherwise stated in this Policy, school officials may disclose "directory information" without the prior written consent of a parent/guardian or eligible student unless the parent/guardian or eligible student specifically notifies the District that the parent/guardian or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

The District will provide parents/guardians and eligible students with a Directory Information Opt Out Form, listing all uses for which it commonly discloses student directory information. The form will allow the parent/guardian or eligible student to elect not to have the student's directory information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student's directory information for any of the uses selected on the form.

The Superintendent or designee will provide the Directory Information Opt Out form to all parents/guardians or eligible students within the first 30 days of the school year. The form will also be made available at a parent's/guardian's or eligible student's request at any time during the school year. If the parent/guardian or eligible student does not return the form, the District may release directory information as permitted by law. The Directory Information Opt Out form will be kept on file for 1 year.

To ensure that directory information is not improperly used, the Superintendent or designee may require that a person requesting directory information execute an affidavit stating that, if disclosed, the directory information will not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

H. Disclosure of Education Records to Another School

School officials may release or disclose personally identifiable information contained in a student's education record without the consent of the parent/guardian or eligible student to another school or post-secondary institution in which the student seeks or intends to enroll, is enrolled, or from which the student receives services, if the disclosure is related to the student's enrollment or transfer.

I. Tagged Records and Record Transfers

Upon notification by a law enforcement agency that a student under age 17 is missing, the building principal or designee will tag the student's record in a manner that will alert both District and ISD personnel that the student is considered missing. Within 7 calendar days after receiving notice from a law enforcement agency that a student is no longer considered missing, the building principal or designee will remove the tag from the student's record.

Within 30 calendar days after receiving a request from a school in which a student has enrolled, the building principal or designee will forward the student's education records to the requesting school unless the student's record has been tagged as described in this Policy. If the record has been tagged, the building principal or designee will not forward the student's education records to the requesting school and will notify law enforcement.

J. Disclosure to a For-Profit Business Entity

School officials will not sell or otherwise provide any personally identifiable information that is part of a student's education records to a for-profit business entity, except as follows:

1. an employee or agent of a business entity acting as a "school official" as defined in this Policy;

2. pursuant to a management agreement between a public school academy and an educational management organization;
3. as necessary for standardized testing; or
4. as necessary to a person who is providing educational or educational support services to the student pursuant to a contract with the school.

K. Disclosure of Education Records in Response to Subpoena/Court Order

To the extent consistent with state law, including the nondisclosure requirements of Revised Judicature Act Section 2165, school officials may release or disclose personally identifiable information contained in a student's education records without the consent of the parent/guardian or eligible student upon receipt of a court order or lawfully issued subpoena requiring disclosure of the information. To the extent permitted or required by law, before complying with a court order or subpoena, school officials must notify the parent/guardian or eligible student, in writing, that the District intends to comply with the court order or subpoena.

L. Disclosure of Education Records in Other Circumstances

Except as provided in this Policy, the District and its employees and agents are prohibited from disclosing personally identifiable information from a student's education records without the written consent of a parent/guardian or eligible student unless the disclosure is otherwise permitted or required by law, including, without limitation, if the disclosure is:

- necessary because of a health or safety emergency;
- to authorized state or federal officials;
- in connection with a student's application for or receipt of financial aid;
- made for purposes of conducting a study for or on behalf of an educational agency or institution;
- to an accrediting organization;
- concerning a registered sex offender; or
- to a representative of a child welfare agency for a foster child.

A school official may not disclose personally identifiable information from a student's education records unless disclosure is consistent with the requirements of state and federal law, including FERPA.

M. Disclosure Logs

The Superintendent or designee will maintain, to the extent required by law, a log of those persons to whom personally identifiable information from a student's education records has been disclosed. The record will identify the student whose information was disclosed, the person or entity who requested or received the information, the information that was disclosed, the date the parent/guardian or eligible student provided written consent (if

necessary for the disclosure), a legitimate reason for the disclosure, and any other information required by law.

Subject to the limitations below, a parent/guardian or eligible student may request, in writing, information related to disclosure of personally identifiable information by the District. This information includes:

- the specific personally identifiable information that was disclosed by the District;
- the name and contact information of each person, agency, or organization to which the District disclosed the student's personally identifiable information; and
- the legitimate reason that the person, agency, or organization had in obtaining the personally identifiable information.

The District is not required to provide information about the disclosure of personally identifiable information if the personally identifiable information is:

1. provided to MDE or CEPI;
2. provided to the eligible student or the student's parent/guardian;
3. provided to an intermediate school district providing services pursuant to a written agreement;
4. provided by an intermediate school district to a school district or to a public school academy in which the pupil is enrolled or to a school district or public school academy providing services to the pupil pursuant to a written agreement;
5. provided to a person, agency, or organization with the written consent of the eligible student or the student's parent/guardian;
6. provided to a person, agency, or organization in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction;
7. provided as necessary for standardized assessments that measure the student's academic progress and achievement;
8. covered by the District's Directory Information Opt Out Form, unless the parent/guardian or eligible student has signed and submitted the Opt Out Form.

N. Video Recordings

A video recording that is directly related to a student may be an "education record" (e.g., when it is maintained to document student conduct or misconduct, unless it is maintained by a law enforcement unit and used solely for a law enforcement purpose). The Superintendent or designee will determine, on a case-by-case basis, upon receipt of a request for the video's disclosure, whether a particular video is an "education record" and whether it contains "personally identifiable information" about a student. If the Superintendent or designee determines that a video recording is an "education record," its release and disclosure and the rights of parents/guardians and eligible students to inspect and review the video recording are governed by this Policy, applicable laws, and relevant state and federal guidance.

O. Disclosure of Records to Law Enforcement

Nothing in this Policy limits a school official's right or duty under state law or pursuant to the Statewide School Safety Information Policy to contact law enforcement to report possible criminal activity. A school official may not, however, disclose personally identifiable information from a student's education records to law enforcement without the prior written consent of a parent/guardian or eligible student unless disclosure is otherwise permitted or required by state or federal law (e.g., in response to a health or safety emergency or a court order or subpoena).

If a school official reports possible criminal activity of a student with a disability as defined by the Individuals with Disabilities Education Act, the school official must transmit a copy of the student's special education records and disciplinary records to the authorities to whom the crime is reported in a manner consistent with FERPA (i.e., with prior written consent or a lawful exception to consent). Except for disclosures in response to a health or safety emergency, school officials must seek written consent to transmit the records of a student with a disability immediately after reporting the student's potential criminal activity to authorities.

P. Disclosure of Information to Military Recruiter

The District will provide recruiters of the Armed Forces of the United States with at least the same access to the high school campus and to directory information as is provided to other entities offering educational or employment opportunities to those students, as required by state and federal law. "Armed Forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

The Directory Information Opt Out Form must include the option to opt out of the disclosure of the student's directory information to recruiters of the Armed Forces of the United States. Upon receipt of a written "opt out," school officials may not release the student's directory information to recruiters of the Armed Forces of the United States. The District may charge a fee, not to exceed the actual costs of copying and mailing the requested directory information, to recruiters of the Armed Forces of the United States, to the same extent it charges other organizations.

Q. Annual Notice Requirements

The Superintendent or designee will send an annual notice to parents/guardians and eligible students notifying them of the following:

1. the right to inspect and review their student's education records;
2. the right to seek amendment of their student's education records, the process for requesting amendment, and applicable hearing procedures;
3. the identity of designated "school officials" and the definition of "legitimate educational interest";

4. the definition of “directory information” and notice that their student’s directory information may be disclosed without consent unless the parent/guardian or eligible student opts out of allowing disclosure;
5. the District’s practice to disclose a student’s education records, including disciplinary records, to another school or post-secondary institution in which the student seeks or intends to enroll or is enrolled;
6. the right to consent to the disclosure of personally identifiable information from a student’s education record before its disclosure, unless a nonconsensual disclosure is otherwise authorized by law;
7. the right to opt out of disclosure of directory information to recruiters for Armed Forces of the United States and their service academies;
8. the right to file a complaint with the U.S. Department of Education alleging that the District violated FERPA; and
9. the right to obtain a copy of the Board’s policies and administrative regulations about student records.

School officials may disclose “directory information” without the prior written consent of a parent or eligible student unless the parent or eligible student specifically notifies the District that the parent or eligible student does not consent to the disclosure of the student’s directory information for 1 or more of the uses for which the District would commonly disclose the information.

A Directory Information Opt Out Form is attached to this handbook as Appendix D. This form allows the parent or eligible student to elect not to have the student’s directory information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student’s directory information for any of the uses selected on the form.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as Appendix E before they may use or access District technology resources. Students who violate the District’s Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

The District reserves the right to charge any student for lost and/or damaged equipment that was provided by the District.

Transportation Services

School Vehicle Rules

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles.

In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

1. Students must promptly comply with any directive given by the driver.
2. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
3. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
4. Students must enter the vehicle without crowding or disturbing others and go directly to a seat.
5. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6. Students may not throw or pass objects on, from, or into vehicles.
7. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
8. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9. Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
10. Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
11. Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.
12. Students must respect the rights and safety of others at all times.
13. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14. Students may not vandalize or intentionally cause damage to the vehicle.
15. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules will be referred to the Transportation Coordinator for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and board policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

Different Route Requests

Students who are not regular route riders may not ride the bus with a friend, unless the parent of the non-route student presents written/ verbal permission to the school office ahead of time. The written permission must include the date, the non-route rider's name, the signature of the non-route rider's parent, and the place approved for drop off. District administration reserves the right to deny any request for non-route riders.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by Policies 5210 or 5805, applicable law, or a District employee.

Withdrawal From School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

SECTION II: ACADEMICS

Academic Awards

National Honor Society

The West Iron County Chapter of the National Honor Society has a longstanding history of bringing prestige and honor to those students who have been selected and inducted as members.

The procedure at WICHHS that qualifies a student for the NHS begins in September of each year. The preliminary qualifications for consideration require that candidates must have been in attendance for a period equivalent to one semester in this school. Juniors and seniors are eligible to apply and must have a minimum 3.33 scholastic grade point average. Eligible candidates must also exhibit certain characteristics of service, leadership, and character. All qualifications must be maintained in full after selection, or the student may be subject to dismissal proceedings.

Selection:

1. Students' academic records will be reviewed by the school counselor and/or NHS advisor to determine scholastic eligibility.
2. Student who meet the scholastic criteria for membership must complete the following procedures:
 - a. Apply in writing to the faculty committee requesting consideration of nomination to the NHS. The letter should contain the person's eligibility in terms of leadership, service, and character ... and also the reason for desiring membership.
 - b. Complete the Student Activity Information Form and submit it as requested within the timelines set.
 - c. See to it that faculty prepare a Faculty Evaluation Form, which is submitted directly to the Faculty Advisory Committee through the Advisor.
 - d. Obtain additional information at the committee's request or even meet with the faculty committee if requested.
 - e. Fill-out all materials legibly, accurately, and with a great deal of care and consideration for detail ... and meet all deadlines and timelines as posted.
3. The faculty committee will then meet and shall make a determination as to the acceptance or non-acceptance of candidates. The principal and chapter advisors do not vote on student selections. Qualified students are selected by a majority vote of this five-member council, which is appointed by the principal.

4. Students will be notified by letter regarding their acceptance or non-acceptance to the National Honor Society.

Membership is an honor bestowed upon a select group of students by the faculty council on behalf of the school faculty.

Information concerning specific students not selected for membership is not usually shared – in exhaustive detail -- with parents and students. The principal may, however, offer parents and students some “general reasons for non-selection” with an interest in turning what is for all involved a disappointing situation, into a “teaching” experience that will help the student to further develop the qualities under consideration. In every instance, the principal or advisor will listen to the concerns of students and parents. Hopefully, those involved will understand that all decisions of the kind involved in this selection process have some subjective aspects. Admittedly, a committee composed of a different group of people might well have produced a different result, but this admission is no objection to the process itself or to the fact that specific decisions reached by the council do not satisfy everyone. Parents and students must understand that the goal is to uphold the integrity of the national standards, to avoid yielding to pressure tactics, and to have faculty council members recognize the serious nature of their assignment to be fair in their judgements. The National Council and NASSP shall not review the judgement of the faculty council regarding selection of individual members to the WICHS chapter.

Procedurally, while students not selected for membership in the NHS are not legally entitled to any kind of a formal hearing or other kind of due process, as a common courtesy, they would be graciously received, along with their parents, to have the selection process re-explained to them. This does not mean that the students or their parents have the right to see the evaluation sheets or other papers that may have been used by the faculty council in making their decision on selections. Materials used by the faculty council will not be placed in the school records or students’ files. Requests or demands that members of the faculty council be available for inquiry as to how each member evaluated the complaining student, or any other student, will be firmly but politely refused. Faculty members may speak with students and parents voluntarily.

Dismissal: Membership in the NHS is both an honor and a responsibility. All members are required to maintain the 3.33 GPA after each marking period. Members are also expected to continue to demonstrate the qualities of character, leadership, and service. Keep in mind MEMBERS WHO VIOLATE SCHOOL RULES AND RECEIVE DISCIPLINE THROUGH THE OFFICE MAY BE REMOVED FROM THE NHS. The advisor will periodically review members’ records and will bring each instance of violation to the faculty council. The council will accord the affected students (and parents) an opportunity to attend a hearing in which due process procedures of notice, opportunity for explanation and evidence, timeline notification, and an opportunity for appeal will be given. In short, members will have all of the same due process rights to appeal as they would in any school suspension and/or expulsion situation. The council will render its decision fairly and justly based on the information it has at its disposal. Students who are dismissed will not wear NHS artifacts and/or apparel to senior activities, including Commencement.

Guidelines for Selection and Retention

The following guidelines have been established at West Iron County High School to give further help to eligible candidates and faculty members in the definition of scholarship, service, leadership, and character.

Scholarship: Candidates have a grade point average of 3.33 or higher and show a scholarly approach in their coursework.

Service: Candidates put service to others above self-interest. They give time, effort, talents, and contributions, not for personal gain, but for the class, school, or community.

In addition, they have exhibited a willingness to do committee work and are always ready to show courtesy by assisting teachers, visitors, and other students. They represent the school in competition, participate in extra-curricular activities or community-related activities, and they must be involved in a minimum of three organizations to include sports, clubs, jobs, church groups, community groups, and projects. While a member of NHS, they must complete community service activities as determined by the NHS advisor.

Character: Candidates demonstrate the highest standards of reliability, honesty, and sincerity. They cooperate fully with school regulations and uphold high principles of morality and ethics. In addition, they take criticism willingly and accept recommendations graciously while consistently exemplifying desirable qualities of cheerfulness, friendliness, poise, and stability. They show courtesy and concern for others ... respect is of paramount importance to them. Candidates observe instructions and rules and are punctual and faithful both inside and outside the classroom. They also have powers of concentration and sustained attention as shown by perseverance and application to studies. They avoid cheating in every situation and show an unwillingness to profit by the mistakes of others. In tough situations, they “do the right thing” by testifying honestly against others who are detracting from the school’s learning community. They would never think of withholding information from a teacher or an administrator.

Leadership: Candidates are resourceful in proposing solutions to problems and demonstrate initiative in promoting positive school activities. They exercise influence on peers in upholding school ideals and consistently contribute ideas that improve the life of those in the school. Candidates accept great responsibility both in and out of the classroom and are able to effectively delegate. They inspire positive, contributory behavior in others and successfully hold school offices or positions of responsibility. In addition, they can conduct business effectively and efficiently and can be depended upon to get the job done, whatever the job may be. They show great initiative in the classroom and contribute to a positive, educational teaching and learning environment.

Induction Ceremony/ Honors Assembly/ Tutorial Program: Students in National Honor Society, as a condition of membership, are required to participate in the induction ceremonies, are required to help plan and carry-out the end-of-year Honors Assembly, and are required to tutor students in their subject areas if that is required by their chapter advisor. Students who choose not to participate in these activities – or seek permission otherwise by the chapter advisor and building principal – may be removed from the chapter and disallowed from wearing the NHS garments at graduation ceremonies.

Advanced Placement (AP) Courses

AP Courses are Available through Michigan Virtual School (VHS). If a student is interested in taking an AP Exam, please contact the Student Services Coordinator.

Commencement

The District may conduct a commencement ceremony for eligible students at the end of the school year. Participation in the ceremony is a privilege, not a right. Students may be prohibited from participating in the ceremony as a consequence for misconduct. A student's disqualification from participating in the commencement ceremony does not impact the issuance of a diploma to the student, provided that all graduation requirements have been satisfied.

GENERAL REQUIREMENTS

The Class of 2023 will need 24 credits to graduate.

Students must be enrolled at the West Iron County High School for at least the entire last semester of their senior year to graduate from WIC.

Students must attend high school for eight semesters and take a full schedule each term.

No mid-year awarding of diplomas or premature graduations will take place except under extraordinary circumstances as determined by the Board of Education. Students must successfully complete all graduation requirements to earn a high school diploma.

Dropping or Adding a Class

Once schedules are distributed, no changes will be allowed except in extreme circumstances. Only educationally justifiable changes will be considered. Please keep in mind that students do not naturally get every class that they desire in a school our size ... they may have to take classes outside of their areas of interest. Every effort was made to staff classes based on student requests during the scheduling process, but a perfect schedule for all students is an impossibility. Classes may not be dropped after the first (5) five days of the semester. Both the Principal and the Student Services Coordinator (SSR) must sign the Drop and Add Slip. Students who are scheduled as such and create discipline problems will be subject to strict disciplinary measures under our discipline policy. If a class is dropped after the beginning of the 4th week, the student may receive an "F" for failure to complete the course.

Dual Enrollment

Students in grades 11 and 12 may be eligible to dually enroll in college classes to obtain high school and college credit. Please contact your assigned counselor for information about enrollment eligibility, charges paid by the District, eligible institutions, and other matters related to dual enrollment.

Grades

Report cards will be issued at least once each quarter. Grades are calculated using the following grading scale:

For the purpose of grade point calculation, all classes, are valued on a 4-point scale as follows:

A	94%-100%	B-	80%-83%	D+	67%-69%
A-	90%-93%	C+	77%-79%	D	64%-66%
B+	87%-89%	C	74%-76%	D-	60%-63%
B	84%-86%	C-	70%-73%	F	59% and Below

Any grades of INCOMPLETE must be reconciled in order for students to receive a legitimate grade for credit. The administration reserves the right to calculate "incompletes" at 0.00 for grading purposes if the student does not attempt to rectify or fail to meet the faculty member's standards for rectification within 4 weeks of the issuance of the incomplete.

Graduates: Seniors who need the credits to graduate MUST RECTIFY INCOMPLETES BY NOON ON THE FRIDAY BEFORE COMMENCEMENT ACTIVITIES or they may be precluded from participation.

Failing a Marking Period/ Semester: Students who fail one of the two marking periods of a semester, must take and pass the final exam to be eligible to receive a passing grade and credit. If a student fails both terms of a class during the semester they will need to pass the cumulative exam to earn credit. In each case the student will receive a **CR** on their transcript.

Credit (CR) will be awarded to pupils who have applied themselves and yet have met only the minimal objectives of the course. It is granted at the teacher's and/or administrator's discretion because they feel that the student has demonstrated a conscientious effort in meeting the standards of the course in question. The grade of Credit (CR) will have a GPA value of 0.33.

Work Study/ Independent Study: Students in work-study/ independent study shall be graded on an "S" (satisfactory) or "U" (unsatisfactory) basis. Students shall receive the appropriate credit.

Honor Roll: Students will need to maintain a 3.667 GPA to be on the "A" Honor Roll and 2.667 for the "B" Honor Roll. It is the students' responsibility to make sure the office has their names correctly posted for the honor roll. They should check the lists on the bulletin board outside the office when posted and should remind office secretaries of any discrepancies before the names are submitted to the local newspaper for publication.

Class Rank: The Board of Education has authorized the use of a class ranking system for grades 9-12. The system to be used is detailed below.

At the end of the freshman year, sophomore year, the junior year and finally at the end of the second report period in the senior year, students will be ranked scholastically. The final average will be used in all subjects in which units of credits are given to calculate an average. The ranking is requested by colleges, is used to determine the eligibility for membership in the National Honor Society, and is used for certain senior honors.

- A. Grade point average shall be computed by the final grade in all subjects. Any Two (2) or more students whose computed grade point averages are identical shall be given the same rank. The rank of the student will be determined by grade point average. All students receiving the same GPA shall receive the same class rank.
- B. A student's grade point average and rank in class shall be entered on his/her record and shall be subject to the Board's policy on release of student records. Rank in class shall be entered on the student's records and on all transcripts.

Students entering the high school shall have no established grade point average (GPA) or class rank until they have completed two (2) semesters at the high school.

Inclusion of a student in graduation honors such as Valedictorian shall occur only if the student has been enrolled at West Iron County for their final four (4) semesters.

Homework

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact their student's teacher.

Each student is expected to spend time preparing for classes outside of school hours. The amount of time that is needed will depend upon each student and each class.

Personal Curriculum

For some students, it may be appropriate to modify the Michigan Merit Curriculum through implementation of a personal curriculum. All students who have completed 9th grade are entitled to a personal curriculum, and the District will implement a personal curriculum for a student if requested by a parent or by the student if the student is age 18 or older. Any modification to the Michigan Merit Curriculum must be consistent with Michigan law and must incorporate as much of the Michigan Merit Curriculum content standards as practicable for the student. The District retains discretion to determine what modifications to the Michigan Merit Curriculum are appropriate for a particular student through a personal curriculum. A student who successfully completes an approved personal curriculum will earn a regular high school diploma.

To request a personal curriculum, please contact:

Konnor Bjorkman- Student Services Coordinator

(906) 265-5184
kbjorkman@westiron.org

For additional information about the Michigan Merit Curriculum and Personal Curriculum, see Policy 5409.

Placement

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

Students with Disabilities

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. The District will follow state and federal law and applicable rules and regulations in identifying, locating, evaluating, and educating students with disabilities.

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

For more information, see Policy 5507.

Student-Initiated Non-Curricular Clubs

Students may voluntarily form clubs that are not directly related to the school curriculum to promote activities unrelated to curriculum. Membership in a student-initiated, non-curricular club must be open to all interested and eligible District students, and the club may not refuse membership to a student based on any protected classification under state or federal law.

For more information about student-initiated non-curricular clubs, including how to form a club, see Policy 5510.

Transportation To/From Extracurricular Activities

The District may provide transportation to students who participate in school-sponsored events. If District-provided transportation is available, students must ride to and from those events in a school vehicle unless otherwise excused by the activity sponsor.

SECTION IV: DISCIPLINE AND CODE OF CONDUCT

Discipline Generally

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will take steps to effectively discipline students in a manner that appropriately minimizes out-of-school suspensions and expulsions. The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who attends school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

Forms of School Discipline & Applicable Due Process

After-School Detention

Teachers and administrators may require students to stay after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of a detention so that parents may make transportation arrangements for the student the following day.

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the

student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

A parent or student may appeal the Superintendent's or designee's decision to the Board. The appeal must be submitted to the Board within 3 calendar days of the decision. The Board will hear the appeal at its next regularly scheduled meeting. The Board's decision is final. The student's suspension will run while the appeal is pending.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate

consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board’s decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District’s ability to impose more or less severe disciplinary consequences depending on the situation’s unique circumstances and the following factors:

1. the student’s age;
2. the student’s disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and
7. whether a lesser intervention would properly address the behavior.

Nothing in this handbook limits the District’s authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

APPENDIX A: TITLE IX SEXUAL HARASSMENT

Consistent with Policy 3115, the District prohibits unlawful sex discrimination, including harassment and retaliation, in any of its education programs or activities in accordance with Title IX of the Education Amendments of 1972 and corresponding implementing regulations.

This Policy addresses allegations of Title IX sexual harassment that occurred on or after August 14, 2020. Allegations of discrimination, harassment, or retaliation not covered by this Policy should be addressed under the District's applicable non-discrimination or anti-harassment policies. Allegations alleging both Title IX sexual harassment and other forms of unlawful discrimination and harassment (e.g., race, age, disability) that cannot be reasonably separated into two distinct complaints should be investigated under this Policy. Investigating other forms of discrimination, including harassment and retaliation, through this Policy will fulfill the District's investigation requirements under Policies 4104 or 5202, but nothing in this paragraph limits the District's right to determine at any time that a non-Title IX allegation should be addressed under Policies 4104 or 5202 or any other applicable Policy.

The Board directs the Superintendent or designee to designate one or more employees who meet the training requirements in Section M of this Policy to serve as the District's Title IX Coordinator(s). The Title IX Coordinator will designate an Investigator, Decision-Maker, and Appeals Officer, if applicable, for each Formal Complaint made under this Policy. If a Formal Complaint is made under this Policy against the Title IX Coordinator, the Board President will designate the persons who will serve as the Investigator, Decision-Maker, and Appeals Officer and will work with District administrators to ensure that all other requirements of this Policy are met.

The Investigator, Decision-Maker, Appeals Officer, and any person designated to facilitate an informal resolution process cannot be the same person on a specific matter, and the persons designated to serve in those roles may or may not be District employees. Any person serving as the Investigator, Decision-Maker, Appeals Officer, or person designated to facilitate an informal resolution process must meet the training requirements in Section M of this Policy.

Inquiries about Title IX's application to a particular situation may be referred to the Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

A. Definitions

For purposes of this Policy, the below terms are defined as follows:

1. "Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:
 - a. A District employee conditioning the provision of a District aid, benefit, or service on a person's participation in unwelcome sexual conduct;

b. Unwelcome conduct that a reasonable person would determine to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or

c. Sexual assault, dating violence, domestic violence, or stalking, as defined by the Violence Against Women Act, 34 USC § 12291 et. seq., and the uniform crime reporting system of the Federal Bureau of Investigation, 20 USC 1092(f)(6)(A)(v).

i. “Sexual assault” means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

ii. “Dating violence” means violence committed by a person who is or has been in a romantic or intimate relationship with the Complainant. The existence of such a relationship is based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

iii. “Domestic violence” means felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the Complainant, person with whom the Complainant shares a child, person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Michigan; or any other person against an adult or youth Complainant who is protected from that person’s acts under the domestic or family violence laws of Michigan.

iv. “Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to (1) fear for the person’s safety or the safety of others; or (2) suffer substantial emotional distress.

2. “Actual Knowledge” means notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any District employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only District employee with actual knowledge is the Respondent.

3. “Appeals Officer” is the person designated by the District to handle appeals of a dismissal or determination of responsibility for matters investigated under this Policy. The Appeals Officer may not be the same person as the Investigator, Title IX Coordinator, Decision-Maker, or person designated to facilitate an informal resolution process on a specific matter.

4. “Complainant” is a person who is alleged to be the victim of conduct that could constitute Title IX sexual harassment.

5. “Consent” means a voluntary agreement to engage in sexual activity by a person legally capable of consenting. Someone who is incapacitated cannot consent. Past consent does not imply future consent. Silence or an absence of resistance does not imply consent. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Coercion, force, or threat of either invalidates consent. Sexual conduct or relationships between District employees, volunteers, or contractors and students, regardless of age or consent, are prohibited.
6. “Day,” unless otherwise indicated, means a day that the District’s central office is open for business.
7. “Decision-Maker” is the person designated by the District to review the investigation report and provide a written determination of responsibility that provides the evidentiary basis for the Decision-Maker’s conclusions. The Decision-Maker may not be the same person as the Investigator, Title IX Coordinator, Appeals Officer, or person designated to facilitate an informal resolution process on a specific matter.
8. “Education Program or Activity” means any location, event, or circumstance over which the District exercised substantial control over both the Respondent and the context in which the harassment occurred.
9. “Formal Complaint” means a written document or electronic submission signed and filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the sexual harassment allegation.
10. “Grievance Process” is the process by which the District handles Formal Complaints.
11. “Investigator” is the person designated by the District to investigate a Title IX Formal Complaint. The Investigator cannot be the same person as the Decision-Maker, Appeals Officer, or person designated to facilitate an informal resolution process on a specific matter. The Title IX Coordinator may serve as the Investigator on a particular investigation, unless the Title IX Coordinator signed the Formal Complaint.
12. “Report” means an account of alleged Title IX sexual harassment made by any person (regardless of whether the reporting party is the alleged victim).
13. “Respondent” is a person who has been reported to be the perpetrator of conduct that could constitute Title IX sexual harassment.
14. “Supportive Measures” are non-disciplinary, non-punitive, individualized services offered and implemented by the Title IX Coordinator as appropriate, as reasonably available, and at no-cost to the Complainant and the Respondent before or after the filing of a Formal Complaint or when no Formal Complaint has been filed. Supportive measures are designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the

other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment.

15. "Title IX Coordinator" is the person(s) designated by the District to coordinate the District's Title IX compliance. The Title IX Coordinator may not be the same person as the Appeals Officer or Decision-Maker on a specific matter. A person not serving as a Title IX Coordinator in a particular matter is not disqualified from serving in another role in that matter. The Title IX Coordinator may also serve as the Investigator or person designated to facilitate an informal resolution process on a particular investigation, unless the Title IX Coordinator signed the Formal Complaint.

B. Posting Requirement

The Title IX Coordinator's contact information (name or title, office address, electronic mail address, and telephone number), along with the District's Title IX nondiscrimination statement, must be prominently posted on the District's website and in any catalogs or handbooks provided to applicants for admission or employment, students, parents/guardians, and unions or professional organizations with a collective bargaining or professional agreement with the District.

The District will provide notice of this Policy to all applicants, students, parents/guardians, employees, and unions or professional organizations with a collective bargaining or professional agreement with the District by prominently posting this Policy on its website and referencing this Policy in its handbooks, which will include the Title IX Coordinator's name or title, office address, electronic mail address, and telephone number.

C. Designation of Title IX Coordinator

The District designates the following person(s) as the Title IX Coordinator(s):

Stambaugh Elementary Principal (Heidi Priestley)
700 Washington Ave. Iron River, MI
906-265-6141 hpreistley@westiron.org

West Iron County Middle/High School Principal (Mike Berutti)
701 Nick Baumgartner Way, Iron River, MI
906-265-5184 mberutti@westiron.org

D. Reporting Title IX Sexual Harassment:

A person may make a report of sexual harassment or retaliation at any time. Reports may be made in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that result in the Title IX Coordinator receiving the person's verbal or written report.

Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator by the end of the next day.

Any other person who witnesses an act of sexual harassment is encouraged to report it to a District employee and may do so anonymously. No person will be retaliated against based on any report of suspected sexual harassment or retaliation.

E. General Response to Sexual Harassment

1. District's Obligation to Respond without Deliberate Indifference

Upon actual knowledge of Title IX sexual harassment, the Title IX Coordinator must respond promptly in a manner that is not deliberately indifferent. The District will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

If the Title IX Coordinator receives a report of sexual harassment and the Complainant does not file a Formal Complaint, the Title IX Coordinator must evaluate the information and determine whether to sign and file a Formal Complaint. If the Title IX Coordinator determines not to sign and file a Formal Complaint, the Title IX Coordinator must address the allegations in a manner that is not deliberately indifferent.

2. Response to Report of Title IX Sexual Harassment

Upon receipt of a report of sexual harassment, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint.

3. Formal Complaint Filed

Upon the receipt of a Formal Complaint, the District must follow the Grievance Process in Section F of this Policy. A Formal Complaint may be submitted using the Title IX Sexual Harassment Formal Complaint Form.

4. Equitable Treatment

The District will treat the Complainant and Respondent equitably throughout the Grievance Process, which may include offering supportive measures as described in Subsection E(6) of this Policy.

5. Documentation and Recordkeeping

The Title IX Coordinator will document all sexual harassment reports and all incidents of sexual harassment that the Title IX Coordinator receives or personally observes.

The District will retain this documentation in accordance with applicable record retention requirements in Section N of this Policy.

6. Supportive Measures

After receiving a report of Title IX sexual harassment, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, with or without the filing of a Formal Complaint. If the District does not provide a Complainant with supportive measures, then the Title IX Coordinator must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

The District may provide, as appropriate, non-disciplinary, non-punitive individualized services to the Complainant or Respondent before or after the filing of a Formal Complaint or when no Formal Complaint has been filed.

Supportive measures should be designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party.

Supportive measures are offered without charge to all parties and are designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment.

Supportive measures may include, but are not limited to:

- a. District-provided counseling;
- b. Course-related adjustments, such as deadline extensions;
- c. Modifications to class or work schedules;
- d. Provision of an escort to ensure that the Complainant and Respondent can safely attend classes and school activities; and
- e. No-contact orders.

All supportive measures must be kept confidential, to the extent that maintaining such confidentiality would not impair the District's ability to provide the supportive measures.

7. Respondent Removal

a. Emergency Removal (Student)

The District may only remove a student Respondent from a District program or activity if, following an individualized safety and risk analysis, the District determines that there is an immediate threat to the physical health or safety of any student or other person arising from the sexual harassment allegations. The District must provide the Respondent with notice and an opportunity to immediately challenge the removal decision. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

b. Administrative Leave (Employee)

The District may place an employee Respondent on non-disciplinary administrative leave during the pendency of the Grievance Process. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

8. Law Enforcement

In appropriate circumstances, a District employee will notify law enforcement or Child Protective Services, consistent with Policies 4202, 5201, and 5701.

The District will attempt to comply with all law enforcement requests for cooperation with related law enforcement activity. In some circumstances, compliance with law enforcement requests may require the District to briefly suspend or delay its investigation. If an investigation is delayed, the District will notify the parties in writing of the delay and the reasons for the delay.

If the District's investigation is suspended or delayed, supportive measures will continue during the suspension or delay. If the law enforcement agency does not notify the District within 10 days that the District's investigation may resume, the District will notify the law enforcement agency that the District intends to promptly resume its investigation.

F. Grievance Process

1. Generally

The Grievance Process begins when a Formal Complaint is filed or when the Title IX Coordinator signs a Formal Complaint and concludes the date the parties receive the Appeals Officer's written decision or the date on which an appeal is no longer timely. The District will endeavor to complete the Grievance Process within 90-120 days, absent extenuating circumstances or delays as described below. The District will treat both the Complainant and the Respondent equitably throughout the Grievance Process.

Neither the Title IX Coordinator, the Decision-Maker, the Investigator, Appeals Officer, nor any person designated to facilitate an informal resolution process will have a conflict of interest or bias for or against Complainants or Respondents generally or for or against an individual Complainant or Respondent.

The Grievance Process requires an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a Complainant, Respondent, or witness.

Throughout the Grievance Process, there is a presumption that the Respondent is not responsible for the alleged conduct unless, in the determination of responsibility, the Decision-Maker finds the Respondent responsible for the alleged conduct.

At any point, the Title IX Coordinator, Investigator, Decision-Maker, or Appeals Officer may temporarily delay the Grievance Process or permit a limited extension of time frames for good cause. Good cause may include absence of a party, party's advisor, or witness; concurrent law enforcement activity; or the need for accommodations (e.g., language assistance or accommodation of disabilities). If there is a delay or extension, the parties will receive written notice of the delay or extension and the reasons for the action.

Any disciplinary action resulting from the Grievance Process will be issued in accordance with District Policy, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, and individual employee contracts.

After the investigation portion of the Grievance Process has concluded, the Decision-Maker will endeavor to issue a determination of responsibility within 30 days, absent extenuating circumstances.

2. Notice of Allegations

Upon receipt of a Formal Complaint, the District must provide written notice to the parties who are known at the time that includes:

- a. A copy of this Policy, which includes the District's Grievance Process, and any informal resolution process;
- b. The sexual harassment allegations, including sufficient details known at the time and with sufficient time so that parties may prepare a response before the initial interview. Sufficient details include parties involved in the incident, if known; the alleged conduct constituting sexual harassment; and the date and time of the alleged incident;
- c. A statement that the Respondent is presumed not responsible for the alleged conduct;
- d. A statement that a determination of responsibility is made at the Grievance Process's conclusion;
- e. A statement that the parties may have an advisor of their choice, who may be an attorney, although any attorney or advisor who is not a District employee will be at the party's own cost;
- f. A statement that the parties will be provided an opportunity to inspect and review any evidence before the investigation report is finalized; and
- g. If the Complainant or Respondent is a student, and the District's Student Code of Conduct addresses false statements by students during the disciplinary process, a citation to that portion of the Code of Conduct. If the Code of Conduct does not address false statements by students, the notice is not required to include any reference.

If, during the course of an investigation, the Investigator decides to investigate allegations that are not included in this notice, the District will provide notice of the additional allegations to the Complainant and Respondent.

3. Informal Resolution

During the Grievance Process, after a Formal Complaint has been filed but before a determination of responsibility has been made, the District may offer to facilitate an informal resolution process, or either party may request the informal resolution process. A Formal Complaint must be filed to initiate the informal resolution process.

Informal resolution does not require a full investigation and may encompass a broad range of conflict resolution strategies, including, but not limited to, arbitration, mediation, or restorative justice. The Title IX Coordinator will determine the informal resolution process that will be used, including the person who will facilitate that process.

Informal resolution is not available for a Formal Complaint alleging that an employee sexually harassed a student.

A party is not required to participate in an informal resolution process.

When offering informal resolution, the Title IX Coordinator must (1) provide both parties written notice of their rights in an informal resolution; and (2) obtain written, voluntary consent from both parties to enter into the informal resolution process. The written notice must contain the:

- a. Allegations;
- b. Informal resolution requirements, including the circumstances under which the informal resolution precludes the parties from resuming a Formal Complaint arising from the same allegations;
- c. Right to withdraw from informal resolution and resume the Grievance Process at any time prior to agreeing to a resolution; and
- d. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared

4. Investigation

The District has the burden of proof and the burden to gather evidence sufficient to reach a determination of responsibility.

a. Investigation Process

The District will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under

a legally recognized privilege unless the person holding such privilege has waived the privilege in writing.

The District may not access, consider, disclose, or otherwise use a party's medical records, including mental health records, which are made and maintained by a healthcare provider in connection with the party's treatment unless the District obtains that party's voluntary, written consent to do so for the Grievance Process.

The Investigator must provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory or exculpatory evidence. The Investigator cannot restrict parties from discussing the allegations under investigation, nor can the Investigator restrict parties from gathering or presenting relevant evidence.

Parties may be accompanied by an advisor of their choice, including an attorney, in any meeting or Grievance Process proceeding. If a party chooses an advisor who is not a District employee, the District is not responsible for any associated costs. The Superintendent or designee may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties (e.g., abusive, disruptive behavior or language will not be tolerated; advisor will not interrupt the investigator to ask questions of witnesses).

The Investigator must provide the date, time, location, participants, and purpose of all hearings (if any), investigative interviews, and meetings, to a party whose participation is invited or expected. Written notice must be provided a sufficient time in advance so that a party may prepare to participate.

As described in Section L of this Policy, retaliation against a person for making a complaint or participating in an investigation is prohibited.

The Investigator must ensure that the Complainant and Respondent have an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party has the opportunity to meaningfully respond to the evidence before the investigation's conclusion. This evidence includes (1) evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and (2) inculpatory or exculpatory evidence obtained from any source.

Before the investigation's completion, the Investigator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 calendar days to submit a written response to the Investigator. The party's response must be considered by the Investigator before completing the final investigation report.

b. Investigation Report

The Investigator must create an investigation report that fairly summarizes relevant evidence and submit the investigation report to the Decision-Maker.

At least 10 calendar days before a determination of responsibility is issued, the Investigator must send the investigation report to each party for review and written response. Written responses to the investigation report must be submitted directly to the Decision-Maker.

The Investigator will endeavor to complete the investigation and finalize the report within 60 days.

5. Determination of Responsibility

The Decision-Maker cannot be the same person as the Title IX Coordinator, Investigator, Appeals Officer, or person designated to facilitate an informal resolution process.

Before the Decision-Maker reaches a determination of responsibility, and after the Investigator has sent the investigation report to the parties, the Decision-Maker must:

- a. Afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness; and
- b. Provide each party with the answers, and allow for additional, limited follow-up questions from each party.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant unless offered to prove that someone other than the Respondent committed the alleged misconduct, or the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

If the Decision-Maker decides to exclude questions from either party as not relevant, the Decision-Maker must explain the decision to the party proposing the questions.

The Decision-Maker must issue a written determination of responsibility based on a preponderance of the evidence standard (i.e., more likely than not) simultaneously to both parties. The written determination of responsibility must include:

- a. Identification of the sexual harassment allegations;
- b. Description of the procedural steps taken from the receipt of the Formal Complaint through the determination of responsibility, including any:
 - i. Notification to the parties;
 - ii. Party and witness interviews;
 - iii. Site visits;

- iv. Methods used to collect evidence; and
- v. Hearings held.
- c. Factual findings that support the determination;
- d. Conclusions about the application of any relevant code of conduct, policy, law, or rule to the facts;
- e. A statement of, and rationale for, the result as to each allegation, including:
 - i. A determination of responsibility;
 - ii. Any disciplinary action taken against the Respondent (consistent with Policies 4309, 4407, 4506, 4606, or 5206, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, or individual employee contracts); and
 - iii. Whether remedies designed to restore and preserve equal access to the District's education program or activity will be provided to the Complainant.
- f. Appeal rights

6. Appeals

Notice of the determination of responsibility or dismissal decision must include notice of the parties' appeal rights.

Both parties may appeal a determination of responsibility or the decision to dismiss a Formal Complaint in whole or in part for the following reasons only:

- a. A procedural irregularity that affected the outcome.
- b. New evidence that was not reasonably available at the time the determination of responsibility or dismissal decision was made that could affect the outcome.
- c. The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against the Complainant or Respondent, generally or individually, that affected the outcome.

An appeal must be filed with the Title IX Coordinator within 5 calendar days of the date of the determination of responsibility or dismissal decision.

Upon receipt of an appeal, the Title IX Coordinator will assign an Appeals Officer who will provide both parties written notice of the appeal and an equal opportunity to submit a written statement in support of, or challenging, the determination or dismissal decision.

The Appeals Officer must provide a written decision describing the result of the appeal and the rationale for the result to both parties simultaneously. The Appeals Officer will endeavor to decide an appeal within 30 days.

The Appeals Officer cannot be the same person who acts as the Title IX Coordinator, Investigator, Decision-Maker, or person designated to facilitate an informal resolution process on the same matter. The Appeals Officer also cannot have a conflict of interest or bias against Complainants and Respondents generally or individually.

The determination of responsibility is final upon the date the parties receive the Appeals Officer's written decision or on the date on which an appeal is no longer timely.

G. Dismissal

1. Mandatory Dismissals

The Title IX Coordinator must dismiss a Formal Complaint if:

- a. The Formal Complaint's allegations, even if proven, would not constitute sexual harassment as defined in this Policy;
- b. The Formal Complaint's allegations did not occur in the District's programs or activities; or
- c. The Formal Complaint's allegations did not occur in the United States.

2. Discretionary Dismissals

The Title IX Coordinator may dismiss a Formal Complaint if:

- a. The Complainant notifies the Title IX Coordinator in writing that the Complainant wishes to withdraw the Formal Complaint in whole or in part;
- b. The Respondent's enrollment or employment ends; or
- c. Specific circumstances prevent the District from gathering evidence sufficient to reach a determination (e.g., several years have passed between alleged misconduct and Formal Complaint filing, Complainant refuses or ceases to cooperate with Grievance Process).

The Title IX Coordinator will promptly and simultaneously notify both parties when a Formal Complaint is dismissed. The notice must include the reasons for mandatory or discretionary dismissal and the right to appeal. Appeal rights are discussed above in Subsection F(6) of this Policy.

Dismissal of a Formal Complaint under this Policy does not excuse or preclude the District from investigating alleged violations of other policy,

rule, or law, or from issuing appropriate discipline based on the results of the investigation.

H. Consolidation of Complaints

The Title IX Coordinator or Investigator may consolidate Formal Complaints where the allegations arise out of the same facts or circumstances. Where a Grievance Process involves more than one Complainant or more than one Respondent, references in this Policy to the singular “party,” “Complainant,” or “Respondent” include the plural, as applicable.

I. Remedies and Disciplinary Sanctions

The District will take appropriate and effective measures to promptly remedy the effects of sexual harassment. The Title IX Coordinator is responsible for the effective implementation of any remedies.

Appropriate remedies will be based on the circumstances and may include, but are not limited to:

1. Providing an escort to ensure that the Complainant and Respondent can safely attend classes and school activities;
2. Offering the parties school-based counseling services, as necessary;
3. Providing the parties with academic support services, such as tutoring, as necessary;
4. Rearranging course or work schedules, to the extent practicable, to minimize contact between the Complainant and Respondent;
5. Moving the Complainant’s or the Respondent’s locker or work space;
6. Issuing a “no contact” directive between the Complainant and Respondent;
7. Providing counseling memoranda with directives or recommendations;

These remedies may also be available to any other student or person who is or was affected by the sexual harassment.

The District will impose disciplinary sanctions consistent with District Policy, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, or individual employee contracts. Discipline may range from warning or reprimand to termination of employment, or student suspension or expulsion.

After a determination of responsibility, the Title IX Coordinator should consider whether broader remedies are required, which may include, but are not limited to:

1. Assemblies reminding students and staff of their obligations under this Policy and applicable handbooks;
2. Additional staff training;
3. A climate survey; or
4. Letters to students, staff, and parents/guardians reminding persons of their obligations under this Policy and applicable handbooks.

If the Complainant or Respondent is a student with a disability, the District will convene an IEP or Section 504 Team meeting to determine if additional or different programs, services, accommodations, or supports are required to ensure that the Complainant or Respondent continues to receive a free appropriate public education. Any disciplinary action taken against a Respondent who is a student with a disability must be made in accordance with Policy 5206B and the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act.

J. False Statements

Any person who knowingly makes a materially false statement in bad faith in a Title IX investigation will be subject to discipline, up to and including discharge or permanent expulsion. A dismissal or determination that the Respondent did not violate this Policy is not sufficient, on its own, to conclude that a person made a materially false statement in bad faith.

K. Confidentiality

The District will keep confidential the identity of a person who reports sexual harassment or files a Formal Complaint, including parties and witnesses, except as permitted or required by law or to carry out any provision of this Policy, applicable regulations, or laws.

L. Retaliation

Retaliation (e.g., intimidation, threats, coercion) for the purpose of interfering with a person's rights under Title IX is prohibited. This prohibition applies to retaliation against any person who makes a report, files a Formal Complaint, or participates in, or refuses to participate in a Title IX proceeding. Complaints alleging retaliation may be pursued in accordance with District Policy.

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this Section.

When processing a report or Formal Complaint of sexual harassment, pursuing discipline for other conduct arising out of the same facts or circumstances constitutes retaliation if done for the purpose of interfering with that person's rights under Title IX.

Any person who engages in retaliation will be disciplined in accordance with District Policy, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, and individual employee contracts.

M. Training

All District employees must be trained on how to identify and report sexual harassment.

Any person designated as a Title IX Coordinator, Investigator, Decision-Maker, Appeals Officer, or any person who facilitates an informal resolution process must be trained on the following:

1. The definition of sexual harassment;
2. The scope of the District's education programs or activities;
3. How to investigate and the District's grievance process, including, as applicable, hearings, appeals, and informal resolution processes; and
4. How to serve impartially, including avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

Investigators must receive training on how to prepare an investigation report as outlined in Subsection F(4)(b) above, including, but not limited to, issues of relevance.

Decision-Makers and Appeals Officers must receive training on issues of evidence and questioning, including, but not limited to, when questions about a Complainant's prior sexual history or disposition are not relevant.

Any materials used to train District employees who act as Title IX Coordinators, Investigators, Decision-Makers, Appeals Officers, or who facilitate an informal resolution process must not rely on sex stereotypes and must promote impartial investigations and adjudications of Formal Complaints. These training materials must be posted on the District's website.

N. Record Keeping

The District will maintain records related to reports of alleged Title IX sexual harassment for a minimum of seven years. This retention requirement applies to investigation records, disciplinary sanctions, remedies, appeals, and records of any action taken, such as supportive measures.

The District will also retain any materials used to train Title IX Coordinators, Investigators, Decision-Makers, Appeals Officers, and any person designated to facilitate an informal resolution process.

O. Office for Civil Rights

Any person who believes that he or she was the victim of sexual harassment may file a complaint with the Office for Civil Rights (OCR) at any time:

U.S. Department of Education Office for Civil Rights
1350 Euclid Avenue, Suite 325
Cleveland, Ohio 44115
Phone: (216) 522-4970
E-mail: OCR.Cleveland@ed.gov

An OCR complaint may be filed before, during, or after filing a Formal Complaint with the District. A person may forego filing a Formal Complaint with the District and instead file a complaint directly with OCR. The District recommends that a person who has been subjected to sexual harassment also file a Formal Complaint with the District to ensure that the District is able to take steps to prevent any further harassment and to discipline the alleged perpetrator, if necessary. OCR does not serve as an appellate body for District decisions under this Policy. An investigation by OCR will occur separately from any District investigation.

APPENDIX B: ANTI-BULLYING

All types of bullying, including cyberbullying, without regard to subject matter or motivating animus, are prohibited.

A. Prohibited Conduct

1. Bullying, including cyberbullying, a student at school is prohibited. Bullying is any written, verbal, or physical act, or electronic communication that is intended to or that a reasonable person would know is likely to harm one or more students directly or indirectly by doing any of the following:
 - a. substantially interfering with a student's educational opportunities, benefits, or programs;
 - b. adversely affecting a student's ability to participate in or benefit from the District's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
 - c. having an actual and substantial detrimental effect on a student's physical or mental health; or
 - d. causing substantial disruption in, or substantial interference with, the District's orderly operations.
2. Retaliation or false accusations against the target of bullying, anyone reporting bullying, a witness, or another person with reliable information about an act of bullying, are prohibited.

B. Reporting an Incident

If a student, staff member, or other person suspects there has been a bullying incident, the person must promptly report the incident to the building principal or designee, or to the Responsible School Official(s), as defined below.

A report may be made in person, by telephone, or in writing (including electronic transmissions). If a bullying incident is reported to a staff member who is not the building principal, designee, or a Responsible School Official, the staff member must promptly report the incident to the building principal, designee, or a Responsible School Official.

To encourage reporting of suspected bullying or related activities, each building principal, after consulting the Responsible School Official(s), will create, publicize, and implement a system for anonymous reports. The system must emphasize that the District's ability to investigate anonymous reports may be limited.

Complaints that the building principal has bullied a student must be reported to the Superintendent. Complaints that the Superintendent has bullied a student must be reported to the Board President.

C. Investigation

All bullying complaints will be promptly investigated. The building principal or designee will conduct the investigation, unless the building principal or Superintendent is the subject of the investigation. If the building principal is the subject of the investigation, the Superintendent or designee will conduct the investigation. If the Superintendent is the subject of the investigation, the Board President will designate a neutral party to conduct the investigation.

A description of each reported incident, along with all investigation materials and conclusions reached, will be documented and retained.

D. Notice to Parent/Guardian

If the investigator determines that a bullying incident has occurred, the District will promptly notify the victim's and perpetrator's parent/guardian in writing.

E. Annual Reports

At least annually, the building principal or designee, or the Responsible School Official, must report all verified bullying incidents and the resulting consequences, including any disciplinary action or referrals, to the Board.

The District will annually report incidents of bullying to MDE in the form and manner prescribed by MDE.

F. Responsible School Official

The Superintendent is the "Responsible School Official" for this Policy and is responsible for ensuring that this Policy is properly implemented. This appointment does not reduce or eliminate the duties and responsibilities of the building principal or designee as described in this Policy.

G. Posting/Publication of Policy

The Superintendent or designee will ensure that this Policy is available on the District's website and incorporated into student handbooks and other relevant school publications.

The Superintendent or designee will submit this Policy to the MDE within 30 days after its adoption.

INTERSCHOLASTIC TRAINING RULES

A well-conditioned mind in a well-conditioned body is an unbeatable combination. A proper mental attitude just doesn't appear; rather, it is something planned,

developed, nurtured, and built to a point where it becomes an asset ready to play an important part in the athlete's overall personality. Perhaps the most important factor

in developing a proper mental attitude is for squad members to accept discipline in its various forms. Discipline learned during the day and at the practice area will

carry over and produce discipline under stress in a game. Reporting to practice on time, general good conduct throughout the school day, following instruction, keeping

training rules, and maintaining a proper diet are a few of the attitudes necessary for the development of discipline.

School Objectives for the athletic program are:

1. To provide an educationally sound, student centered program that integrates well with the total educational program of the school.
2. To provide an opportunity for interscholastic athletic competition.
3. To develop a good team spirit and discipline.
4. To promote a winning spirit and an ability to compete with schools of a similar size and classification.
5. To develop the athlete to the best of his/her ability.
6. To develop leadership qualities.
7. To make the athletic program a source of pride for the school, as well as the community.

An athlete should be a leader in his/her school and community. Others often follow him as an example. With this responsibility, it is necessary to have some well-defined rules to

ensure that the example given will be a good one. Conduct on and off the field, in season and out of season, should bring credit to the athlete, his/her school, and his community.

1. The contest demands that the athlete:

- a. Play fair at all times.
- b. Demonstrate good sportsmanship to opponents and spectators at all times.
- c. Play for the joy of participation and the success of the team.
- d. Play hard to the end.
- e. Respect the officials and expect them to enforce the rules.
- f. Not “grandstand”, quit, cheats, or bet.

2. The school demands of the athlete:

- a. Out-of-School and out-of-town conduct is of the highest type.
- b. Faithful completion of schoolwork as evidence of loyalty to the team and the school.
- c. Complete observance of the training rules as a duty to the school, to the team, and to himself/herself.
- d. Good sportsmanship toward visiting teams, officials, and spectators.

Though there are many attitudes that are desirable in the development of young athletes, a few are of such importance that special emphasis must be placed on them.

The following rules and regulations are those which fit in that category and which no member of the athletic squad can disregard without hurting him and the team.

A. PRACTICE

1. An athlete must be on time.
2. All excuses from practice must be made in advance to the coach or principal.
3. If an athlete is injured or ill, but in school, he/she must attend practice in street clothes
4. Attendance is required at all practice sessions unless otherwise notified.
5. Horseplay will not be tolerated.

B. PHYSICALS

All athletes must have evidence, on file with the Athletic Director's Office, of a current physical according to MHSAA Policy.

Physical exam policy states that the Physical exam must be on or after April 15th of the previous year and that Athletic equipment should not be issued and students must not be allowed to try out or practice until an acceptable signed statement of physical examination and consent has been provided.

No exceptions will be granted. In cases of serious injury, extended illness, or suspension, District officials may require an athlete to be re-examined by a physician, and submit to all reasonable medical tests, including drug tests, and to provide a new physical examination record or clearance from a physician before being allowed to further participate in the District's interscholastic/extracurricular programs.

C. VIOLATIONS: Any Alcohol, Tobacco, Drug use/possession or other civil infraction that would be considered less than a 90 day misdemeanor during

school or school events will be handled in the following manner:

a. First Offense: In any sport, including those with less than 15 contest dates, the offender will be suspended for 20% of the contest dates if he/she reports the alleged offense to the Athletic Director within one school day. The penalty will be 30% of the contest dates if not timely reported to the Athletic Director, and the Athletic Director is notified from another source. When reporting the alleged offense, the student may accept the school penalties without admitting guilt to the alleged offense, or the student may report the alleged offense, and deny any wrong doing and/ or request a hearing under the appeals provision. If a first violation occurs during the school year involving a student who is not participating in an athletic activity at the time, the suspension will be enforced in the next sport the offending student participates. If necessary, the enforcement of the suspension will be carried into the next sports season and/ or next school year.

b. Second Offense: The offender for a second offense will be suspended for 50% of the contest dates. If the suspension starts before 50% of the contest dates have been completed, there will be no carryover to the next sports season. If the suspension starts after 50% of the contest dates have been completed, the suspension will carry over onto the next sports season.

c. Third Offense: Suspension for the third offense will be One Calendar Year. If a student who has received a year suspension successfully completes counseling (at parents' expense) and we receive in writing from the counselor that the program was a success, we may re-instate student after a 60 school day suspension, as long as the athletic director is satisfied with the progress.

d. Fourth offense: The penalty for a fourth offense will be a lifetime suspension from athletics at West Iron County High School. If a student who has received lifetime suspension successfully completes counseling (at parents expense) and we receive in writing from the counselor that the program was a success, we may re-instate student

after a 90 school day suspension, as long as the athletic director is satisfied with the progress.

e. Fifth Offense: The penalty for a fifth offense will be a lifetime suspension from athletics at West Iron County High Schools.

Parents are encouraged to contact the Principal or Athletic Director for guidance in finding help for their child. Any Alcohol, Tobacco, Drug use/possession, or other civil infraction that is not connected to school time or events, the District is committed to partnering with parents to establish consequences for behavior, using the consequences above as a potential guide. Consequences can be parent driven, or in partner with coach or athletic department. Felonies and Misdemeanor charges greater than 90 days, regardless of occurring during school time or events or non-school time will be handled by the athletic director with consequences determined by Athletic director. An appeal process is identified below.

PROCEDURE AND APPEALS OF DECISIONS:

1. The Athletic Director shall enforce this Disciplinary code as he/she sees fit. In his/her absence the principal of the high school may act as the athletic director's designee. Upon a ruling of a suspension by the athletic director, the student shall be notified in writing. The ruling shall be effective immediately. The notice shall provide for a description of the violations and the period of the suspension. The district will retain a record of the violation.
2. In all felony cases, an order of the District Court binding the student over to Circuit court shall be considered prima facia evidence of sufficient grounds to implement applicable penalties.
3. Within three schooldays of receiving a notice of suspension, the student or his/her guardian may request a hearing. The athletic director's ruling of suspension shall be in effect until the hearing has occurred. The hearing will be held as soon as possible but shall be held within three school days of the notification of request.
4. The hearing shall be held before an Athletic Disciplinary Code Appeals Board, consisting of three members. The Board shall consist of an un-involved administrator, and two (2) non-involved coaches.
5. At the hearing, the Athletic Disciplinary Appeals Board shall hear and/or accept any reasonable reliable and relevant evidence as to the alleged violation. The athletic director shall initially present the alleged violations and applicable penalties. The student or guardian may then present any applicable evidence. It shall be the responsibility of the student to obtain and produce all relevant police reports and police records including any drug or alcohol testing.
6. The Athletic Disciplinary Code Appeals Board may decide to uphold the penalty as ruled by the athletic director, amend, or revoke the ruling of the athletic director, or stay the suspension until additional information is obtained and the hearing is reconvened.

7. The decision of the Athletic Disciplinary Appeals Board shall be based on a civil standard of a preponderance of evidence and not on the criminal standard of beyond a reasonable doubt.

8. The Athletic Disciplinary Appeals Board may consider all reasonable reliable evidence regardless of whether the evidence is admissible for purposes of a criminal trial under criminal law (i.e. Scientific testing, finger printing, blood tests, breath tests, admission, etc.)

9. A majority vote of the Athletic Disciplinary Appeals Board will be the decision of the Board.

10. The Athletic Disciplinary Appeals Board may consider a request to rehear an appeal after its initial decision. A request for a rehearing may be made at any time by the student or his/her guardian, or by the athletic director. The request must first be submitted in writing to the Board. The request shall set forth the basis for the rehearing. The only grounds for a rehearing shall be new relevant and reliable evidence not previously presented to the Board. The Board shall decide whether to grant a new hearing based solely on the written request.

11. All witnesses presenting evidence to the Athletic Disciplinary Appeals Board shall swear or affirm that they are telling the truth. All hearings shall be recorded.

12. If a request of a re-hearing has been denied, or rehearing reaffirms consequence, the student, parent or guardian, may request a hearing with the West Iron County School Board. The West Iron County School Board reserves the right to meet as a full board, have a present committee, or assign a committee to review and or her the appeal. The athletic directors ruling shall remain in effect until meeting of the school board or committee. The above steps, 5, 6, 7, 8, and 9 shall be followed.

13. The decision of the West Iron County School Board shall be final.
